

LEUKOCARE

formulation expertise meets data science

**Experts in
Sterile Drug Product
Development Services**

Advanced Stabilization of a broad Range of Modalities

- ✓ RNA
- ✓ Antibodies
- ✓ Viral Vectors
- ✓ LNPs
- ✓ Proteins
- ✓ Enzymes
- ✓ Exosomes
- ✓ Viruses
- ✓ Small molecules
- ✓ Peptides
- ✓ Vaccines

Formulation Expertise meets Data Science

- ✓ Advanced Formulation Development of Sterile Drug Products based on decades of formulation expertise and state-of-the-art Data Science
- ✓ Bioinformatics, Biostatistic analysis, and Molecular Modeling to rationally de-risk your drug development
- ✓ Modular Formulation Development services for full flexibility
- ✓ Wide range of Analytical Methods

Additional Drug Product Development Services

- ✓ Developability Assessment
- ✓ Drug Substance Characterization
- ✓ Forced Degradation Studies
- ✓ Data Science Services
- ✓ Formulation Development & Optimization
- ✓ Stability Studies
- ✓ Particle Characterization
- ✓ Primary Packaging Assessment
- ✓ Non-GMP Processing & Manufacturing
